Get a 5 cent
rebate every time
you use your
own bag.**

Pay-Less Supermarkets along with Procter & Gamble is proud to offer reusable shopping bags as an environmentally friendly alternative to plastic shopping bags. Pay-Less has been a leader in community service on Guam and this is just one more way that we're Raising the Bar for you. Help sustain our fragile environment by using reusable shopping bags today! A portion of the sale proceeds will benefit Conscious Living and the Recycling Association of Guam.

FREE Reusable Shopping Bags* with:

- Every purchase over \$100. While Supplies Last.
- Purchase of select Procter & Gamble products. One per transaction.
OR When you register for the Kick the Fat 5k run

Why make the change?

- The Guam Recycling Association of Guam estimates that Guam consumers use over 40 million plastic shopping bags annually
- The U.S. Environmental Protection Agency has stated it takes over 1,000 years for a plastic bag to decompose
- Guam EPA estimates that Guam will produce 148,258 tons of trash in 2008
- Reusable shopping bags help reduce trash on our island

* Promo period Feb. 22 -28/08, while supplies last. ** Bag must be reasonably filled.

6 CONVENIENT LOCATIONS TO SERVE YOU!

Pay-Less Goes Green

Pay-Less Supermarkets along with Procter & Gamble is proud to offer reusable shopping bags as an environmentally friendly alternative to plastic shopping bags. Pay-Less has been a leader in community services on Guam and this is just one more way that we're Raising the Bar for you. Help sustain our fragile environment by using reusable shopping bags today!

Why Make the Change?

- It is estimated that Guam will produce 148,000 tons of trash in 2008, enough to fill Hagatna Swimming pool 35 times.
- The Recycling Association of Guam estimating as many as 40 million plastic bags being used on Guam annually. Reusable shopping bags will help to dramatically reduce trash on our island.
- The U.S. Environmental Protection Agency has stated that it can take over 1,000 years for a plastic bag to decompose in a landfill.
 - If not properly disposed, plastic bags can clog storm drains and cause flooding in your village.
 - Plastic bags are a significant contributor to our marine debris problem and harm marine life, killing more than 100,000 marine mammals and turtles every year.

Tips for using a Pay-Less Reusable Shopping bag:

1. Purchase as many bags as you want from any of the six Pay-Less Supermarkets
2. Use the bags to carry your groceries from Pay-Less to your home
3. Keep the bags in your car so that they are always on hand when you go to shop at Pay-Less Supermarkets

It's time to show that you care...make a difference today and get your Pay-Less reusable shopping bag for only 99 cents!

Remember a portion of the sale proceeds will benefit Conscious Living and the Recycling Association of Guam.
